D-link

The screenshot displays the D-Link DSL-124 web interface. At the top left is the D-Link logo. Below it is a navigation bar with tabs for **DSL-124**, **SETUP**, **ADVANCED**, **MAINTENANCE**, **STATUS**, and **HELP**. The **SETUP** tab is highlighted with a red circle. On the left side, a vertical menu lists: Wizard, Local Network, **Internet Setup** (circled in red), Wireless Setup, and Time and Date. The main content area is titled **SETTING UP YOUR INTERNET** and contains the following text: "There are two ways to set up your Internet connection. You can use the Web-based Internet Connection Setup Wizard or you can manually configure the connection. Please make sure you have your ISP's connection settings first if you choose manual setup." Below this is a section titled **INTERNET CONNECTION WIZARD** with the text: "You can use this wizard for assistance and quick connection of your new D-Link Router to the Internet. You will be presented with step-by-step instructions in order to get your Internet connection up and running. Click the button below to begin." A button labeled "Setup Wizard" is centered below the text. A **Note** at the bottom states: "Before launching the wizard, please ensure you have correctly followed the steps outlined in the Quick Installation Guide included with the router." On the right side, a **Helpful Hints...** sidebar provides additional guidance for first-time users and advanced users, including a **More...** link.
